### Final Exam Schedule Policy and Guidelines

1. If your class begins on the half-hour, your time for the test period will round up to the next full hour, i.e., a class beginning at 1:30 p.m. will take the test during the time for 2 p.m. classes.
2. Each final examination will be administered in the regularly scheduled classroom unless otherwise noted by the instructor.
3. Make-up for final examinations should be arranged with the approval of the instructor prior to the scheduled examination time.
4. Students will be informed by their instructor of the final examination time and location.
